GRADUATE COURSES

Critical and Creative Thinking

CCT 616
The Dialogue Process

●

Genuine dialogue, as meant here, is a frequently sought, rarely found experience of "elemental togetherness" (Martin Buber). Dialogue provides the creative space in which entirely new ways of thinking and acting may emerge. Holding respect for oneself, for one another, and for a commonly created pool of meaning is at the heart of this dialogue. Course participants explore and experience a dialogue process that derives in part from Buber, physicist David Bohm, and William Isaacs of the MIT Dialogue Project. The course provides a context for tapping into more coherent levels of meaning and intelligence. Through becoming aware of the underlying beliefs and assumptions that limit our thinking and responding to the world, we can, in a spirit of compassionate, non-judgmental inquiry and self-expression, open to the profound, generative and creative resources of what Bohm calls the "unified field" of being.
Prerequisite: Enrollment in the Critical and Creative Thinking graduate program or permission of the program director (617 287-6520).

The Art Department is offering a studio workshop on Nantucket Island, a special place that deserves a central presence in works accomplished there. Watercolor, drawing, and the broad bounds of site-specific work comprise the range of choice regarding materials and techniques. Up to half of the scheduled hours will be spent working outside the classroom. Additionally, students will maintain a daily journal of visual and verbal "notes"; these, including a brief summary statement and a selection of completed works, will be submitted at the final class meeting.

Students taking this course will be housed at the UMass Field Station on Nantucket. Students are responsible for arranging their own transportation to Nantucket. An orientation session will be held prior to the start of the course.

Participants register for Art 380: Studio Workshop (3 credits).

Prerequisite: Two studio courses or permission of the instructor.

Note: The fee for this three-credit program is $595. This includes all course, service and registration fees, as well as housing on Nantucket. It does not include transportation to or from Nantucket.
